Dear Friend,

The Northwest Iowa Community College Foundation is pleased to provide you with the 2007–2008 Annual Report! Each page of the calendar features graduates of the College and their employers. This should reinforce the tremendous impact NCC has throughout northwest Iowa.

This past year more than 160 scholarships worth over \$170,000 were awarded through the Foundation. Since 1983, the NCC Foundation has awarded over 1,200 scholarships totaling approximately \$1.4 million! We have started more than 20 new scholarships since our Transforming Lives campaign started in 2007.

NCC is looking toward some new initiatives this next year—additional Bio-Technology laboratories, a new dormitory, and a new recreation center on campus. All of these improvements are designed to attract and retain additional students. These graduates in turn will have a better life for themselves and their families, and continue to impact northwest Iowa well into the future.

With scholarship support, equipment donations, and private donations for the Lifelong Learning & Recreation Center, the NCC Foundation will continue to support its mission: To attract and manage financial resources, enhance awareness of the College, and to support access to lifelong learning opportunities.

You, our alumni and friends, will continue to play a significant role in transforming the lives of our students. Your financial support and involvement with NCC is greatly appreciated. If you have already contributed to the Transforming Lives campaign, we thank you. If you have not contributed yet, please consider doing so. There is a pledge card attached to this letter.

As you look through the pages of this calendar, I hope you see many examples of how NCC scholarships have transformed the lives of past students. We all look forward to 2009 and how new scholarships will help future students. **Thank you for your support of the NCC Foundation.**

Planned and Deferred Gifts

In addition to making cash gifts and pledges, you may also wish to secure the future of NCC through a special gift arrangement. Please indicate if you are interested in receiving more information in any of the following areas:

- Gift by Will Charitable Trust Insurance Personal Property Retirement Savings Real Estate

We will be glad to assist your tax consultant or financial planner in constructing a special gift that could provide significant tax benefits for you or your family.

Matching Gifts

Many employers match the charitable gifts of their employees and retirees to educational institutions. If your employer has a matching gift program, please obtain the proper form from your employer's Personnel Office and submit it with your campaign gift. In many cases, employers match a gift on a 1:1 ratio, thus enabling you to double your gift to the Foundation.

Join Us In TRANSFORMING LIVES at NCC!

Throughout its 40 years, Northwest Iowa Community College has transformed the lives of many people. Students have learned the high-tech skills they need to be productive employees, or have chosen NCC as the place to start when pursuing a bachelor's degree. Thousands of adult learners have sharpened their skills or broadened their knowledge through continuing education or business/industry training.

The outcome of the Transforming Lives campaign will mean so much to so many:

- students seeking scholarships so they can afford to go to college and accomplish their goals
- businesses and industries looking for skilled employees to keep the workplace productive and efficient
- Northwest Iowa Community College striving to fulfill its mission of providing lifelong learning opportunities to help enhance northwest Iowans' quality of life.

Two main areas of need are the focus of this campaign:

1. STUDENT SCHOLARSHIP ENDOWMENT

Student scholarships can take many forms, from donations to the general college endowment fund to individually named endowments, or corporate scholarships.

Endowment Goal: \$1.5 million

2. INSTRUCTIONAL EQUIPMENT ENDOWMENT

Students who are trained on state-of-the-art equipment are able to acquire the skills that make them a valuable employee the day they begin a new job. Business and industry in northwest Iowa will benefit from skilled employees ready for the workforce.

Endowment Goal: \$1.5 million
