A Treat for Your Ears

It's no TRICK—new audio titles have arrived!

New audio books on tape and CD have arrived! The NCC Library currently has over 30 titles in a variety of genres, including romance, action, science fiction, mystery, and non-fiction available for check out, and we always take suggestions! If you need a title for longer than the two-week checkout period, you can call, email, or even renew online, with the use of your library card and a password. Please ask any library staff member for assistance. *Happy Listening!*

As the fall semester progresses, and projects and assignments are on everyone's minds, and the library would like to offer these suggestions to make your experience as a student a little less stressful:

- ♦ **Ask questions!** If the assignment is unclear to you, it's unclear to us—and makes it much more difficult for us to help you. Your instructor is always the first person to consult if you are having problems; the staff in the library, learning center, or STARS are here to assist you as well.
- ♦ **Don't procrastinate!** This is easier said than done—but if you plan ahead, it may relieve some of your stress! Some of the library services we can provide require a little prep time, so come and see us as soon as possible.
- ♦ **Use good resources!** One of the best ways to develop a good project is to find good resources—and the library can help! Ask for a one-on-one session to navigate through our databases, card catalog, and other resources, or ask your instructor to schedule an orientation for your class.
